VOLUME 34, No. 3

SIERRA MADRE, COUNTY OF LOS ANGELES, CALIFORNIA

FRIDAY, OCTOBER 6, 1939

Postmaster Candidates Get Ratings

Appointment Lies Between R. O. Caukin, Gordon Felts and R. H. Behrens

Appointment as Sierra Madre's postmaster lies between Ray O. Caukin, incumbent; Gordon Felts and R. H. Behrens. They finished one, two, three in the qualifying examination held June 27. Fourteen candidates had filed applications. The ratings were not disclosed by the U. S. Civil Service Commission until early this week. A letter from Washington informed each applicant of his or her status. Those who were given marks were given only their own percentages and the order of their own standing. No statement was made as to the percentages attained by all of the applicants.

Several candidates were disqualified and given no rating because of lack of business experience along certain lines deemed necessary by the commission. Among these were Craig McLaughlin, Bruce McMaisters, Thomas Schwartz and Mrs. Frances Key. No reason was assigned for failure to give Leland Fogg a rating. Thomas Miller was in fifth place on the list.

Postmaster Caukin was given a mark of 97.35. He drew \$7.02 in the written examination, \$7.02 in the oral and received a five percent markup for his war service, bringing his average to 97.35.

Though three months have elapsed since the examination was held it is expected the appointment will be made shortly. The appointee will serve indefinitely, whereas the appointments have heretofore been made for four-year terms.

Kiwanians Going To Oakland Convention

Dr. R. C. Simpson, Charles Klunk, Rudolph Hartman and William L. Burr will attend the Kiwanis convention at Oakland October 11-14 as delegates from the local club. At Tuesday's meeting a unique invitation from the Oakland organization was presented, in the form of a recording. By means of the record which was played, local Kiwanians were told about the program and events planned for the big get together.

E. Tweed Stone of Upland spoke on early missions in California, dating back to the 15th century. Mr. Stone mentioned the courtesy shown mission visitors by the padres in contrast with the lack of respect tourists often show for treasured possessions of the missions.

Sewing Machines To Follow Films Into Grammar School

Sewing machines will follow a moving picture projector into the grammar school in the effort to bring teaching methods there to the height of modern efficiency.

Having already been given a tryout in a school assembly, the motion picture projector has been used during the past week in class instruction. Friday a picture on primary level, "Grey Squirrel," was shown the lower grades. Tuesday an educational film, "Birds of Prey" was used in a study by the higher grades.

Now two electrically driven sewing machines are to be installed for instruction of the sewing classes.

NEW SYSTEM INAUGURATED AT GRAMMAR SCHOOL DESIGNED TO DEVELOPE INITIATIVE

Class Organizations And Council To Encourage Individual Effort

Training children in character and citizenship and giving them practice in democratic methods of handling school situations is the purpose of home room groups and student council now being organized at the grammar school. The idea is not self-government, Gerald Smith, superintendent, explained, and the children do not handle suggestion, offer ways and means by which their school may be improved.

"Children are given responsibility, but they are not held responsible for results," Mr. Smith said. "The kind of a school the children have depends upon how they plan and carry out their activities. Developing correct attitudes and character is the objective."

Each home room will be organized with president, vice-president, secretary-treasurer and a member for the school council. Representatives to the council will

Examinations Show Food Handlers Here Are A Healthy Lot

Physical examination of Sierra Madre's food handlers last week showed that more than forty men and women engaged in preparing and serving food are a healthy lot. Only a few were asked to return to the Monrovia office of District Health Officer Dr. E. F. Fontaine for further checkup. Reports were sent into the county health department and within a short time cards good for one year will be received by those whose examinations were satisfactory.

Injunction Proceedings Complicated

Wife Would Be Guardian Of D. F. Robinson, Plaintiff In Suit Against The City

An amended bill of complaint filed in the Superior court yesterday in the injunction proceedings instituted against the city by D. F. Robinson of North Auburn avenue brings the complainant's wife, Jane A. Robinson, into the litigation as a plaintiff.

Earlier in the week Mrs. Robinson signed a complaint which sent her 78-year-old husband to the psychopathic ward of the General Hospital for observation. And co-incident with the filing of an amended petition in the injunction proceedings against the city, Attorney M. A. Woodward also filed a petition praying for the appointment of Mrs. Robinson as her husband's guardian.

Mr. Robinson two weeks ago secured a temporary injunction restraining the city from erecting a fence around a property owned by it in Auburn avenue adjoining the Robinson home. It was alleged that the fence would close off a strip of ground used for 30 years by the Robinsons as a means of entrance and exit to their property. Through long usage as a thoroughfare it had become a public one, it was contended. Following granting of the injunction by the Superior court, Mr. Robinson agreed to withdraw his suit if the city would adopt a resolution or ordinance designating the disputed strip as a public highway.

Boy Scouts Receive Awards At Court Of Honor Here

A small audience turned out for the Boy Scout Court of Honor held Monday evening at St. Rita's auditorium. First and second class awards and merit badges were presented to scouts from Troops 1 and 2.

Boys from Troop 1, Congregational Church, who received awards were Allan McLeod, second class; Robert Penn, Louis Wax, first class; and merit badges were given to Raymond D. Andrews, for reading, swimming, handicraft, bookbinding; Edmund R. Blakeman, carpentry, handicraft; Russell W. Jensen, public health, swimming; Clayton Noshier, pathfinding; George Shipway, conservation, swimming.

Troop 2 Scouts, from St. Rita's receiving awards were David Duran, George Grijalva, second class; Robert W. Newberry, Jr., merit badge, in swimming; William H. Newberry, merit badge in handicraft.

T. A. Reynolds presided at the court and W. A. Kinney, camping director, was present. Next Court of Honor will be held Monday evening, December 4, and parents and friends of the scouts are urged to be on hand at the Congregational Church to encourage the boys in their splendid work.

meet weekly with the principal to consider and discuss means by which the school can be improved and methods to be used in carrying out school activities most effectively.

Topics for discussion in home rooms will be matters of class interest, means of making the school a happier, more pleasant place in which to work, new situations which arise in the conduct of the school, possible ways of meeting these situations, and the advisability of making a regulation to govern the situation for the general good of all pupils.

Each representative to the student council will report what was done in the last meeting of his class and will pass on any suggestions. They will bring in reports concerning improvements noticed.

Ultimate objective is to develop in children a capacity for satisfactory self-direction and independence of action, including ability to work out carefully solutions to problems and courage to protect their own points of view against opposition.

California Press Observes Annual Newspaper Week

By WM. S. KELLOGG
President California Newspaper Publishers Association

GOVERNOR OLSON has set aside the period of October 8 to 14 as Newspaper Week in California and in his proclamation has stated in part that "it is fitting that a period to be set aside for the people to take stock of the manner in which the newspapers of California are performing their duties with respect to fair and unbiased treatment of the news."

And that is as it should be, for the Fourth Estate in California has for the most part set an enviable record in the annals of American journalism. In surveying the fairness, the vigor, the effectiveness of present day journalism in California, it is well for a moment to look back to its beginning in this state.

It was just ninety-three years ago that California's first newspaper made its appearance.

When the Rev. Walter Colton, newly-appointed alcalde of Monterey, and Robert Semple resolved to print a paper back in 1846, their equipment consisted of a dust-covered press that had been brought from Spain.

It was a small, four-page affair, printed half in English, half in Spanish, but it was California's first newspaper. No other kind of newsprint being available, they used sheets of the paper from which the Spaniards rolled their cigarrillos.

In that first issue, dated August 15, 1846, a copy of which can be seen in the Huntington Library at Pasadena, is an editorial—a tribute to the progressive spirit and fair-mindedness of its publishers—which reads in part as follows:

"This is the first paper ever published in California, and though issued upon a small sheet, it is intended it shall contain matter that will be read with interest. The principles which will govern us in conducting it can be set forth in a few words.

"We shall maintain an entire and utter severance of all political connection with Mexico. We renounce at once and forever all fealty to her laws, all obedience to her mandates.

"We shall maintain freedom of speech and the press, and those great principles of religious toleration, which allow every man to worship God according to the dictates of his own conscience.

"We shall advocate such a system of public instruction as will bring the means of a good practical education to every child in California.

"We shall urge the immediate establishment of a well-organized government, and a universal obedience to its laws.

"We shall go for California—for all her interests, social, civil, and religious—encouraging everything that promotes these, resisting everything that can do them harm.

"This press shall be free and independent, unswayed by power and untrammelled by party. The use of its columns shall be denied to none who have suggestions to make promotive of the public weal.

This editorial cannot help but impress those who read it. It sets forth in no uncertain terms the sound and effective policy upon which the press of California was founded. From that day to the present time the Fourth Estate has played an important part in the development of the great state of California.

It is a matter of real satisfaction to those engaged in the profession of journalism that the vast majority of the more than 500 newspapers which are published in California today are living up to and following the high principles and ideals so ably expounded by the state's first newspaper.

Hills Turn Green As Sun Goes To Work On Moist Soil

Brisk autumn weather, with chilly evenings and sunny days, put back some of the energy Sierra Madreans lost during the long hot spell and light rainfall added to the crops of green grass sprouting all over the city and in the mountainsides above. Low temperatures were reported in some sections of Sierra Madre Tuesday evening, but according to records kept by Mrs. H. B. Hersey, the temperature in the northern section of the city did not go below the 50 point. Readings for the week are:

September 29	80	57
Sept. 30	79	58
October 1	79	58
October 2	73	56
October 3	66	51
October 4	75	50
October 5	79	

Precipitation: This week .04; total for season 6.60; last year this date .10.

Float Plans Aired By Committee

Design For Wistaria Town Entry In Rose Tournament Is Submitted

With organization this week of the Wistaria Town Float Committee plans looking to the appearance of another prize winning Sierra Madre entry in the 1940 Tournament of Roses went rapidly forward.

Following the custom established several years ago, each organization in the city was asked to name a representative on the float committee and a number of new faces appeared at a meeting called for the city hall Tuesday afternoon by Waverly Pratt, chairman of the 1939 committee. While there are many new members of the 1940 committee, all were unanimous in the opinion that last year's organization functioned smoothly and well and that the officers who brought a prize home from the last rose parade should be asked to serve again.

Accordingly all of last year's officers were unanimously re-elected, Waverly E. Pratt as chairman, Mrs. Mary Schwartz secretary, Clarence G. Hunsinger, treasurer, and Mayor W. J. Schiltz, and a finance committee consisting of R. C. Lewis, Frank Spencer and Dr. J. L. Woehler. Mr. Pratt was authorized to appoint such other committees as will be necessary to complete the organization.

Mr. Dewey not only willingly accepted the assignment to design another float, but gave a word picture of one he had in mind. It was an exceptionally striking thing as Dewey outlined it and met with enthusiastic approval by the committee. He will submit a model at a later meeting of the committee. Mayor Schiltz, gladly accepted again chairman-ship of the committee that will construct the float and will undoubtedly have the cooperation of other local contractors and builders who gave their services heretofore.

Mr. Lewis announced the finance committee would go to work immediately and promised shortly to give the committee an estimate of the amount it will be possible to raise, this information being necessary to determine the size and character of float the city will be able to present.

Miniature By Miss Bush Wins First Prize At The Fair

Miss Ella Shepard Bush, nationally known miniature painter, received word Sunday that her exhibit, a miniature of her mother, received first prize at the Los Angeles County Fair at Pomona. The miniature is one of Miss Bush's favorites. Miss Alley, a pupil of Miss Bush, also exhibited at the fair, and Bernard Wynne entered a water color.

Reception Planned For Newcomers To Sierra Madre

The First Congregational Church is planning to get together on Wednesday, October 18, as a reception to newcomers. This will take the form of a buffet supper, followed by a play prepared under the direction of Mrs. Waverly Pratt. All departments of the church are interested and a large attendance is expected.

Expect Huge Crowds As County Fair Closes Sunday

Following the longest run in its history, the 18th annual Los Angeles County Fair will come to a close at midnight Sunday next, October 8. In preparation for the event, the big fair grounds park with its 30,000 or more exhibits will be at its best. Exhibits already re-stocked with fresh fruits and vegetables will present a glittering array. Every facility is in readiness for a record breaking attendance.

This Saturday will be "Dixie Day" at the fair and 12 southern states were being honored. The governors of the 12 states have been invited to send the largest watermelon obtainable in his domain to enter in a contest for the largest and best melon at the picnic on Picnic Hill. Motion picture stars who hail from these "Below the Mason-Dixon line" states have been invited to share the fun and judge the melon contest.

Sunday will also present a sight seldom equalled in the West, a million dollar livestock parade. All the proud champions in the draft horse, beef and dairy cattle, sheep and swine divisions will pass before the grandstand in the afternoon. A complete card of harness races is being featured for every remaining afternoon.

City Hall And Bank Will Be Closed On Columbus Day

Columbus Day, next Thursday, is a legal holiday in California, and will be observed by the Sierra Madre Savings Bank and City hall, which will be closed. The postoffice will be open and school will convene as usual, with appropriate programs in the classrooms. Stores and markets will also be open for business.

Shows Bring Cheers For Sponsors

Plea Made For Neighborliness And Cooperation At Final Park Entertainment

A large audience roared its delight at Wednesday evening's final free open air motion picture show when President Burr of the Chamber of Commerce announced that this issue of THE NEWS would carry a story telling of plans for immediate construction of a modern movie theatre in Sierra Madre, and that the merchant-sponsored entertainments of the last 11 weeks were responsible for the venture.

"All of us who have felt the need for a community theatre owe a debt of gratitude to the Sierra Madre News," said Burr in making the announcement, "for The News promoted the series of fine entertainments we have all enjoyed throughout the summer. And then it encouraged those interested in the theatre business to believe that the city will support a modern, well conducted movie house that consistently offers good attractions. So we are to have a theatre."

Purpose of the summer entertainments had been to afford needed entertainment here, Mr. Burr added in paying tribute to the merchants who sponsored the shows. They had shown a fine spirit of interest in and friendliness towards the townspeople in arranging and carrying through the program, he said, and their efforts were entirely a good will gesture.

"After all these merchants are our friends and neighbors," said Burr, "and they are operating our stores and places of business. The more we patronize them the bigger and better the stores will be and the better and more prosperous our community will be."

He made a strong plea for community co-operation and neighborliness—the cultivation of an atmosphere here that will attract the sort of people that Sierra Madreans want to have share the beauty and homeliness of their hometown with them. Mr. Burr's suggestion of "three cheers for these sponsoring merchants" brought a vigorous response.

The program, longest of the series, began with an interesting color film shown by the U. S. Forest Service, and included pictures in color of Wistaria Vine Gardens during the Fete, of rare plants in bloom, of the Regional Planning Commission at a dinner meeting and the city council at breakfast under the wistaria vine. Also shown were two feature pictures, two short subjects and two cartoons that brought forth waves of laughter and applause.

"These entertainments have been a wonderful thing for Sierra Madre; it seems as if they had been going on because of uncertain weather conditions," said Mayor Schiltz when the show was over. "I feel sure our citizens appreciate the fine spirit that prompted the sponsors to furnish them and I am equally sure they will have substantial evidence of this appreciation."

CHINA MOST INTERESTING COUNTRY IN THE WORLD SAYS RETURNED TRAVELER

"Hardest Working People I Have Ever Seen," Says W. E. Goff, Of The Natives

Traveling in the Orient is not the hazardous experience which many Americans believe it to be according to William E. Goff, of 329 West Highland avenue, just returned from a three months vacation in Japan, China, the Philippine Islands, Australia and New Zealand.

Mr. Goff sailed from San Francisco July 1, aboard the President Coolidge, following a route he traveled 40 years ago, first to Yokohama and Kobe before going on to Shanghai. In both countries he found every possible courtesy extended to Americans, and is of the opinion that anyone respecting the laws now in force in either country will encounter little difficulty.

From Shanghai, which now shows few ravages of the merciless and undeclared war, Mr. Goff journeyed to Peking and Tientsin, which were much less fortunate, and from there traveled by motor under Japanese guard 700 miles into the interior. Everywhere among the Chinese, Mr. Goff found the highest regard

Theatre To Open Here By Christmas

Plans Accepted For Modern New Picture House On West Sierra Madre Blvd.

Due directly to popularity of the series of free movie shows sponsored by some of the city's businessmen during the past 11 weeks, Sierra Madre is to have a motion picture theatre.

Announcement was made this week by S. Katnik, of Los Angeles, operator of a number of theatres in and about St. Louis, Mo., that he will have a modern new theatre in operation here before Christmas. It will be located on the large lot on the west side of the Safeway store, fronting on West Sierra Madre Blvd., purchase of the site now being arranged by the real estate firm of Neale & Russell. Plans calling for a \$30,000 structure have already been accepted and Mr. Katnik says construction will begin this month.

It will be a two story modernistic building 55 by 140 feet, with canopy and electric sign. A 150 foot parking space in the rear will be reached with a driveway along the east side of the building. Exterior will be of stucco, metal lath and plaster, with asphalt shingle roof. The foyer will be 36x12 feet, attractively designed and the interior of the theatre will be of the most modern construction. Seating capacity will be 750, with upholstered seats for the utmost in comfort. Foyer, inner lobby and rest rooms will be finished in wainscoting and bakelite. Air conditioning equipment will be installed.

The theatre will occupy 36x20 feet frontage with store buildings 17 1/2 x 34 feet on either side. These stores will be rented, according to Mr. Katnik. Construction throughout will conform to local and county ordinances, and many innovations to make Sierra Madre's new theatre among the best in the valley have been planned.

A manager has already been selected, Mr. Katnik said, and as in most modern theatres, "usherettes" will be employed.

Mr. Katnik's attention was attracted to the merchant sponsored shows in the city park. After watching the audiences and inquiring into conditions here he became convinced Sierra Madre would support a good theatre, properly conducted. He took an option on the property a month ago.

Theft Of Beer Sends Two Men To Jail

Two out-of-town men received jail sentences at city court Monday morning for stealing two cases of beer from the truck of S. G. Davis, 737 West Alegria avenue parked at Grand View avenue and Mountain Trail, Friday afternoon.

Jack White of La Crescenta was given a total of 120 days—90 days for petty theft and 30 days for carrying a concealed weapon; Andreas Derrera of Monrovia, 30 days. His sentence was 90 days for petty theft, with 60 days suspended.

Mrs. Ella Merman reported seeing two men take a case out of the parked truck and put it in one of the two cars parked at the corner. Police found five bottles of beer covered by a robe in one of the cars, and on compulsion, White opened the trunk of the other car, disclosing two cases of beer. Police also discovered a revolver in the compartment. Davis operates a beer and beverage agency in the city.

Returning to Shanghai he spent some time in Hong Kong and Kowloon before going by plane to Melbourne, Australia, a trip of three days, from where he journeyed to Sydney and Auckland, New Zealand.

By comparison with the modern cities of Japan and China, those of Australia and New Zealand seemed far behind the times, as did Manila, where he visited later and found very little change had taken place in the last 40 years since he was there before, particularly in the walled native city, although there have been many improvements in sanitary conditions and boulevards and many fine homes make the city more attractive to the traveler.

From Manila Mr. Goff sailed aboard the President Cleveland, which docked at Shanghai, Kobe and Honolulu.

"If I could leave again tomorrow I would return to China, which I found to be one of the most progressive and interesting countries, with the hardest working people I have ever seen" said Mr. Goff.

The Juniors will again sponsor a Campfire group, one of their projects last year.

What A Girl Sees Ramblin' Round

A QUILT 110 years old on exhibition at the Los Angeles County fair was made by the great-grandmother of Mr. B. McRoberts who lives at 225 West Highland avenue. On the West side of the quilt is a flower basket design...one basket in the center and one at each corner. The facing or underside of the covering is white, with all over tufting in grape design. Maker of the quilt was Ann Massie, of Paris, Kentucky.

"Corky," the smart little black and white spaniel belonging to the Sam Percuffs attracts comments of passersby because of his favorite perch...the footstep of the scales in front of his master's store in Kersting court. He sprawls so nonchalantly over his preferred seat that people have wondered how long it took Sam to teach him to sit there. Sam says Corky picked out the spot himself at a very tender age.

And although other places are made comfortable for the purpose and temporarily lure him...he always goes back to the scales where he can see everything that is happening along the court.

The hot weather of a few weeks ago that caused a coral king snake from the Mojave desert to pop up from its shell in a Los Angeles pet shop 30 days ahead of schedule...didn't bother at least one resident of Sierra Madre.

He devised a scheme all his own for sleeping comfort...By placing inner tubes under a mattress he floated all night in a body of water...All he had to remember was not to turn over too suddenly or too vigorously.

Hugo Annas' racing pigeons are continuing to make records...On a recent Sunday his entry won the race from Delano and a week later again won the flight from Tulare back home. The flight was made through the wind and rain during the memorable storm and while the Sierra Madrean's entry averaged 851 yards per minute, the record would have been better if weather conditions had been more favorable.

The birds are shipped to points of flight, clocked and released. Annas belongs to the San Gabriel Valley Pigeon Club.

Attendance at the Huntington Library and Art Gallery has jumped so high that it is possible a waiting list may have to be established to allow persons to view the treasures exhibited there.

Reading about the famous personages who had visited the library we intended to keep our eyes open when we went there to see if we could recognize any front page names in person but from the time we entered the library until we sat on the marble steps near the mausoleum at the closing hour...we didn't bother much about people...the rare and beautiful books...paintings...sculpture...porcelains...furniture...the Japanese gardens cactus collection...kept us too busy.

The exhibition of manuscripts and first editions of English novels appealed to us most of all. The manuscripts written about 1400 of Canterbury Tales...beautifully illuminated...the first complete English translation of the Decameron, Pilgrim's Progress, Daniel Defoe...the 17th century reporter...who wrote about "The life and strange surprising adventures of Robinson Crusoe, of York, Mariner, who lived eight and twenty years alone in an uninhabited island on the coast of America"

The fragment of Thackeray's manuscript of "Vanity Fair," with a pencil sketch illustration...Personal letters...some written by our favorite authors...give a closer understanding and appreciation of their problems...Of course we saw "Blue Boy," and "Pinkie"...Sarah Siddons as "The Tragic Muse," "Age of Innocence" and other paintings for which the art gallery is famous...Thirty guards are stationed on the grounds, we understand...and the record crowds keep them on their toes with questions and inquiries of all types...from the reason why cameras are not permitted in the library to the variety of a particular bush.

What agony...indescribable suffering and misery is told between the lines in a letter from Col. Theodore Roosevelt, chairman of the United Council for Civilian Relief in China...In a communication dated Monday, he says: "Luchow, a city of 200,000, was without a single set of surgical instruments when 27 Japanese planes dropped bombs killing or injuring a thousand persons there. Only last week, 27 planes laid waste Luchow, fourth largest city in Szechuan province. A thousand persons were killed or injured by the bombs, and there was not a single set of surgical instruments available in this city of 200,000 souls. There, in a nutshell, is the present plight of China."

Why Parents Should Join Local P.T.A.

Association Addresses Citizens As Membership Drive Is About To Open

Announcing the Sierra Madre P.T.A. membership drive that opens Monday the organization's membership committee yesterday addressed a communication to "parents, relatives and friends of any Sierra Madre child," setting forth the objectives of the association during the school year and its activities. The communication follows.

"During this next week, the week of October 9, our local Parent-Teachers Association will conduct its annual membership drive. Once more we wish to remind you of the purposes and achievements of this organization in our community.

"It is not, as some think, merely a group of women meeting together once a month to drink tea, gossip, and check up on each other's clothes. It is an association of parents and friends vitally interested in our children and desirous of intelligently understanding and solving problems connected with their welfare.

"The specific services rendered by our local P.T.A. are the supplying of free milk and hot lunches to underprivileged children, seeing that every child has an adequate supply of school clothes, and we hope to be able to assist in obtaining medical and dental care for those not financially able to obtain such care for themselves.

"The all-inclusive membership dues are 50c a year, a small price for helping in such a good cause, so next week plan to join the P.T.A. and give us your financial and moral support. Come to our monthly meetings and keep informed about our work. Give us the benefit of your ideas, and enjoy our social gatherings and meet new friends.

Membership Committee, Sierra Madre Parent Teachers Association, Dorothy Jenkins, Chairman."

Forest Protection Association Here Next Tuesday

Members of the local fire department will be hosts to the Angelus Forest Protective Association which will hold its monthly dinner meeting at Wistaria Vine gardens at 7 p.m. October 10. The affair is open to the public but reservations are requested by Fire Chief W. D. Richards. Those planning to attend may make reservations at 1592. The association was organized in Sierra Madre following the disastrous mountain fire of 1924, every foothill city being represented. It holds one of its monthly meetings in Sierra Madre each year.

Youth Advancement Program Discussed By Women At Tea

A group of Sierra Madre women actively interested in the advancement of the youth programs at the Woman's Club were entertained at tea by Miss Hazel James Ferguson Tuesday and discussed plans for the future young peoples activities at the club. Present were Mmes. J. H. Robertson, Al Miller, W. F. Rhodes, E. D. Robertson, Val Miller, Ruana Lawson, J. Milton Steinberger, Thomas Miller and R. A. Verstreet.

LATEST NEWCOMERS

Several families came to Sierra Madre this week to make their homes. They include E. A. Henry, 37 Victoria lane; R. L. Marago, 82 Mountain Trail avenue; J. A. King, No. 4 Bella Vista Terrace; C. Riordan, 118 Bonita; H. A. Norton, 22 South Baldwin avenue; F. C. Oldsford, 172½ North Lima street, and D. Holms, 377 North Lima street.

Sierra Madre's Big New Nursery To Have Its Grand Opening On Monday

Monday, October 9, will be the grand opening of Brown's Nursery on Baldwin avenue, opposite the post office. Covering over 2,000 square feet, a unique brown lath house constructed by A. C. Brown is one of the outstanding features of the nursery. A semi-circular drive, 16 feet wide in front of the lath house, will be the only one of its kind in Sierra Madre and future plans of Mr. Brown call for a perennial garden, pool and rock garden in the parking.

Shrubbery will be arranged alphabetically in a system of blocks around the lath house, and 4,000 square feet is devoted to growing plants in the ground. Plants that are adapted to sun will be featured in one section on the grounds, and those that thrive best in the shade in another.

Two rare plant newcomers to Sierra Madre which have been thoroughly proven in the Brown trout gardens and which are featured among the unusual and outstanding varieties carried by the nursery, are Grevillia Cryptanthiafolia, an ornamental ever-

green shrub which remains a rich green at all times. The other is Angelonia, a hardy perennial producing blue flowers. Construction of an office on the grounds will begin at once.

MOTHERS AND KINDERGARTNERS GO TO SCHOOL TOGETHER BUT IT'S MOTHER'S CLASS

UNDER the trees in the grammar school kindergarten playground each Wednesday morning tiny children and their mothers gather from 9 o'clock until noon—the children to play and the mothers to observe. Mrs. Dorothy Grantham and Mrs. Virginia Walker, both of Pasadena, are the teachers. While the class is just starting, Sierra Madre mothers are invited to attend, with their children, from the ages of 18 months to about four years. The average age of the tots is two years.

But the instruction isn't for the tots—it's a Parent Education class, a part of the adult education department of the Pasadena City schools, and work of the class—on the parent's part—consists of making a continuous written record of the child's activities and conversation during the en-

tire session of the morning play group. Play is undirected, and mothers are given an opportunity to observe their children in the group activity with others about the same age.

Mmes. Grantham and Walker are both nursery school teachers, with certificates from the state, and a typical Wednesday morning program includes free play until about 10:30 o'clock; followed by pickup time, when each child puts away his toys; washing up period, then orange or tomato juice. This is followed by a rest period of 10 to 15 minutes, after which children are told stories and gather for rhythms, also undirected.

Pre-school classes have proved successful for both mothers and children, and Sierra Madre parents are welcome to bring their

PREVIEW CHILDREN'S HORSE SHOW SUNDAY

Junior equestrians will put on a special program of exhibitions, including equine hurdling contests, between polo matches Sunday afternoon in their final public preview of the second annual Children's Horse Show which will take place next Saturday and Sunday afternoons (October 14 and 15) at Riviera Country Club.

The feature polo tilt of the day between Uplifters and Riviera promises another keenly-contested battle. There will be two polo games.

small children to the kindergarten grounds for this Wednesday morning play group. Mrs. Pauline Gartzman is director of the groups in this district; Mrs. Laurel Poyer, supervisor, and Virgil Truman, head of all adult work in the Pasadena area.

Organization Of A Boys Club Here Urged By Women

Preluding the Club year which opens next week, board members of the Sierra Madre Woman's Club were entertained at luncheon by Mrs. John H. Robertson and Mrs. W. J. Lawless at Wistaria Vine Gardens Wednesday. Discussions during luncheon ranged from the Ham and Eggs proposition to tentative plans for the formation of a boy's club similar to the organization for boys in Pasadena which Mrs. Waverly Pratt stated has contributed substantially to the decrease of juvenile delinquency in that city.

Among those attending were Miss Hazel James Ferguson, Miss Clara Sykes, Mmes. Charles M. Hamilton, William Lees, Al Miller, Clarence Sandage, Ruana Lawson, Waverly Pratt, Alyce Anderson and the hostess.

Timely Tips

October brings the cookie jar into some easy-to-reach spots, ushers in the school lunch box—yawning for a filling—and receives the afternoon glass of milk custom. C is for cookies in anyone's alphabet—everyone likes them—and none so well as the children. And best news of all—the children can make these cookies, bake them, and eat them—all to perfection.

Miss Matheny

PEANUT BUTTER COCONUT STICKS

1/2 cupful sifted cake flour
3/4 teaspoonful double-acting baking powder OR
1 1/2 teaspoonfuls single-acting
1/4 teaspoonful salt
1/4 cupful butter
1/2 cupful peanut butter
1 cupful sugar
2 eggs, well beaten
2-3 cupful shredded coconut
1/2 teaspoonful vanilla extract

Sift flour once, measure, add baking powder, and salt, and sift again. Cream butter, add peanut butter, blend thoroughly. Add sugar to eggs, beat with rotary beater until light and lemon colored. Add to peanut butter mixture; blend. Add flour and beat until well mixed. Add coconut and flavoring, blend. Bake in paper-lined, greased pan 7x12 inches, in a moderate gas oven (350°) for 45 to 50 minutes. Turn out on rack, remove paper immediately. Cool and cut in 2x1 inch strips. Yield: 36 sticks. Note: If all-purpose flour is used, subtract 1 tablespoonful from the 1/2 cupful listed in recipe.

BUTTERSCOTCH BRANNIES

1 cupful butter
2 cupfuls brown sugar
1 egg
1 cupful all-bran
3/4 cupful all-purpose flour
2 teaspoonfuls baking powder
1/2 teaspoonful salt
1/2 Cream butter, add sugar gradually and beat until light and fluffy. Add egg and beat well. Stir in all-bran. Sift flour with baking powder and work into first mixture, a small amount at a time. Knead and shape into rolls about 1 1/2 inches in diameter; wrap in waxed paper. Store in automatic gas refrigerator until firm. Cut into thin slices and bake on ungreased cookie sheets in moderately hot gas oven (425° F.) about 10 minutes. Yield: 7 1/2 dozen cookies, about 2 inches in diameter. Note: If 1/2 to 3/4 teaspoonful of salt is used, a high-grade vegetable shortening may be substituted for the butter with little or no change in flavor, but a subsequent loss in vitamins. For this reason, if substitution is necessary, a vitamin enriched margarine would be better.

TEACHER'S PETS

2 cupfuls fine, quick-cooking oatmeal
1/4 cupful brown sugar
1 cupful seedless raisins
1 1/2 cupfuls flour
1 1/2 teaspoonfuls baking powder
1/2 teaspoonful salt
1 teaspoonful cinnamon
1/2 cupful melted shortening
1/4 cupful dark corn syrup
2 eggs, well beaten

Mix oatmeal, sugar and raisins. Add sifted dry ingredients; mix well. Mix shortening, syrup and well-beaten eggs. Combine mixtures. Drop from tip of a spoon onto an oiled baking sheet and bake in a moderately hot gas oven (400° F.) about 15 minutes. 3 dozen cookies. Nutmeats added to these cookies will not only increase necessity for chewing, but will, definitely, add valuable nutrients.

Beauty seen is never lost. — Whittier.

NEWSPAPER WEEK

IN A war-torn world which has already claimed freedom of speech and press as its first casualty in countries abroad, California's celebration of Newspaper Week, October 8 to 14, takes on deeper significance.

An inseparable ally of democratic government is a free press. One cannot exist without the other. That has been a basic tenet ever since doughty John Campbell founded the public-spirited, outspoken Boston "News-Letter" in 1704 and gave America its first newspaper.

Today, more than two centuries later, no medium has successfully challenged the newspaper. As a reporter, its job of information-gathering ranges from the distant news-fronts of the world in China and Poland to the story of Mr. and Mrs. John Smith, proud parents of a new son—an event of no less importance on the home front.

Certainly in these latter stories of births and deaths, of wedding and visits, there's a sound substance of community interest, of kinship in the sorrows and joys which we and our fellowmen daily experience and which help bind communities together.

In movements for civic betterment the newspaper plays a traditional role, just as in the uncensored dissemination of news, state, national, or international, it fulfills, thoroughly as it can, the serious task of enabling people to assess events for their true worth. And it is a touchstone of the democratic way of life, that given this means of assessing events through full presentation of the facts, "the people will find their way."

Facts, as well as faith, support that principle. For where, as in some countries of Europe in recent years, truth has become an enemy of the State, the people have been led into darkness and disaster. For the significance of Newspaper Week, people of a democracy have much to give thanks.

DISCOVERED FREEDOM

Even across four and one-half centuries, the courage of the lonely admiral who led his three ships across uncharted seas to a new land illuminates the ceremonies with which America honors Columbus Day.

It is given to few men to dis-

cover a new world, to return triumphant to the homeland as a conquering hero. But few discoverers of new worlds, either in distant seas, in the starry galaxies or in the sub-microscopic world of the electron, have been meted out the persecution which in later years visited Columbus. When later freed, as a grim token of man's inhumanity to man, he kept the iron fetters in which he had been chained "as relics and as memorials of the reward of my service."

But the world best remembers him in his hour of triumph when, in the early dawn of October 12, 1492, the lookout aboard the "Nina" gave the exultant cry of "Land ahead!" That momentous event was to launch a stream of explorations and colonizing expeditions into the Western hemisphere.

If the Old World did not find here the fabulous piles of gold it sought, its discoveries of new lands west of the Azores did unearth something more precious—a chance for courageous people to start a new life in a new world.

In honoring the discovery of Columbus, America in a sense is honoring its birthday, for in the wake of that came the struggling young colonies along the Atlantic forerunners of the great nation that the United States is today.

BREAK FOR CHILDREN

Because the tragedy of broken homes leaves its deepest scars on children and separates them from a normal, healthy, unbringing, a new California law which went into effect last week promises to do much good.

As a preventive to hasty divorce action in which youngsters are affected, the new measure provides that divorce cases may be transferred to the jurisdiction of the new Children's Court of Conciliation.

On the first day the law went into effect last week, eight children—all members of one family—marched into a San Francisco Superior Court when the divorce suit, filed by their mother, was called. The judge promptly transferred the case to the Children's Court and delayed action on the case until next month. In the meantime, the new court will try to dissuade the parents from carrying through the divorce action, for the sake of their children, unless there is absolutely no hope of reconciliation.

Certainly by delaying action on so serious a step as the breaking up of families and giving ruffled tempers and overwrought nerves a chance to cool, the new measure does a very helpful service to the individuals involved and to the community in furthering youngsters' chance for a normal upbringing.

The efforts of the Children's Court in mending broken homes before parents have taken an irrevocable step deserve every success.

Beauty Aids
Not Intended
For Children

By PATRICIA LINDSAY

MANY mothers write asking such questions as these: "Do you believe in permanent waves for young children?"

"My child has a very pale face. When she goes to parties should I rouge her cheeks?"

"My young daughter likes colored nail polish. She is only nine. Should I let her wear it?"

And once in a while I get a question which makes me gasp—"I want my child, who is now five years old, to have a perfect complexion when she grows up. Should I give her a facial once a week at a beauty parlor?"

Of course, my answer to all of those questions is "No—Definitely not!"

A child should be allowed to grow into an adult, unhampered. Her tender hair can be ruined with intense heat and harmful lotions; her skin can be marred for life by creams which were made for aging beauty, not virgin beauty; and how horrible to look at is a young child with lacquered nails or rouged cheeks!

If you wish your child to grow into a beauty be watchful over the fundamentals of a healthy body and mind. See that she is fed the foods that will nourish her. Foods that will strengthen her tiny bones and teeth. Foods that will keep her skin fresh as a dew-kissed petal.

Brush the darling's hair regularly, away from the scalp with a brush that is kept sterilized and used for her very own. Keep her scalp clean, free from rashes and dandruff. Try to discover a natural wave in her hair, and press it between your fingers while it is damp to encourage its curl!

Self Neglect
Never Justified

What mother failed to do was this. She neglected herself in order to shower daughter with much—much she didn't need. When daughter was at the going-out age, she saw other mothers who were attractive, who could speak on current topics and books, who were more or less companionable to their own daughters. By comparison her mother fell short. Didn't she? Yes, the doting mother failed to keep modern. Her offspring outshines her.

What these disappointed mothers should do, now that their daughters have grown, is to spend much more time thinking about themselves! Buy some new clothes, get a new hair-do and a few beauty treatments—if the budget will stand for them by crossing out daughter's ordinary provisions! Those will restore self-respect.

To restore self-assurance get active in something, preferably local, which will bring you out of the home into social activity. Read books, magazines, go to movies. Develop a personality—because you have drowned yours in your daughter's. Don't blame her. She is young and youth is ruthless! Win your own self esteem back and it will not be long before people will be saying, "Alice should be attractive and talented, just look at her mother!"

HINT-OF-THE-DAY

Be Kind to Tender Skins

Plain soap and water is the most reliable of all skin cleansers, but there are some skins that do not react satisfactorily to this method of cleansing.

Some women find that when they use soap and water on the face there is a tendency to dryness and itching. Sometimes a slight rash will appear for a day or so.

Women whose skins react in this manner should avoid standing under the shower, and even for the tub bath it is advisable to cover the face and neck with a cream or vaseline. A generous coat of vaseline will repel all steam and water. When soap and water are used, it should be at a time when there is no irritation. The water should be tepid, never hot.

Use a wash cloth or complexion brush to wash well around the nose and mouth, as well as the face and neck. After a few moments remove the soap with cool water rinsing, cover the face and neck with a towel and pat dry.

Then apply a good smooth cleansing cream—one with a good oil base, and never the vanishing cream, which often has an alkali or soap base. After removing the cleansing cream, use a good tissue cream.

Just Say Adrenalin

There's dichlorodifluoromethane in your kitchen, even if you don't know it, and there's probably diphenylparaphenylenediamine, and paraisopropoxydiphenylamine and tetramethylthiuramdisulfide in your car. That first jawbreaker is the probable refrigerant in your refrigerator. The next three are curing, or accelerating or anti-oxidizing agents in auto tires. And if the doctor says so, you better get some 3, 4-dihydroxyphenyl methylaminomethyl-enexarbinol hydrochloride, from the druggist—but say adrenalin—it's easier, says an authority in the Philadelphia Record.

BUSINESS AS USUAL

The days of the historic Klondike gold rush are being lived over again across the Pacific in the hinterland province of Szechuan in China, according to reports reaching California the other day.

Thousands of eager prospectors are flocking to the gold fields. Boomtowns are mushrooming just as they did in Alaska in '98, and in California's Mother Lode country a half century earlier. The amount of gold in the hills and streams of that area is said to be enormous and, as yet, barely prospected. Gold for the lean purse of embattled China is a rare windfall, indeed, at this moment in her history. With Japan temporarily at peace with Russia and renewing her onslaught against "wifull" China, Generalissimo Chiang-Kai-Shek's government can put that gold to work, purchasing desperately needed supplies. A curious metal, gold. Fevershly, China digs for it. Nonchalantly, we bury it!

Six out of every ten people over 16 years old in the average American city are married, according to the Department of Commerce.

It isn't being called Thrift Week, this period from October 8 to 14, but National Fire Prevention Week. But in fighting fire, American is fighting spendthrift waste, the sheer and tragic destruction of persons and property. Fire takes some 10,000 human lives yearly, and its destruction of homes and buildings has annually billed us, in recent years, anywhere from one quarter to half a billion dollars. America can fight fire. We have the mechanical apparatus. But that's not the problem. The real job is fighting the demon of carelessness and neglect in each of us. Homes and buildings should be rigorously inspected, and fire laws abided by. Only in this way can our stupendous losses of lives and property be checked for good.

Harold Child, of Toronto, Ont., papered one of the rooms of his house with postage stamps placed on panels in designs of birds of brilliant plumage. It took him eight years.

Eighty per cent of all transportation in the Los Angeles county area is provided by private automobile, according to the survey by the Automobile Club of Southern California. Communities are being pushed farther and farther apart by traffic stagnation, and congestion causes tremendous economic losses, the club reports. Yet, it is estimated, if a proposed motorway system made possible by an act of the Legislature that became effective September 19, were now in operation, motorists of Los Angeles county would save \$60,000,000 a year in car operating costs.

The speed of a bullet varies from 800 to 4,000 feet per second. The .30-calibre service rifle bullet has a speed of 2,700 feet per second. A revolver bullet travels between 900 and 1,000 feet per second.

Outbreak of the war abroad reveals the existence of "mechanical ears" that hear approach of airplanes at a distance greater than seven miles and sound a warning.

Scientists are perplexed over the discovery of five and six room dwellings built two and three stories underground in several sections of Peru. They were built ages before the era of airplanes and air raids. What were the builders escaping from, the scientists want to know.

Old-time Texas sheriffs were dead shots and scoffed at a law that would punish prisoners for attempted escapes. But the population of the State and the prisons have grown and a sheriff is no longer able to watch the jail

door 24 hours a day with a six-shooter on his hip, so the sheriffs are going to ask the next legislature for a penalty law.

Various reported as being in Iceland, the Gulf of Mexico, England, Russia, and Italy, the mysteriously vanished German liner, Bremen, gives a new name to an old game. To queries of "Bremen, Bremen, who's got the Bremen?" all parties make no answer, save to say, "Mum's the word!"

COUNTY FAIR ATTRACTS SIERRA MADREANS

Sierra Madreans who enjoyed the Los Angeles County Fair during the last week included Mrs. E. C. Foster who with her son Edward and Mrs. Rose White attended Sunday; Mr. and Mrs. Marion Hays who were there Saturday; Mrs. Ruana Lawson and son Cameron Burnett; Mr. and Mrs. John B. Maiben and daughter Audrey who attended Saturday; Mr. and Mrs. Emile Smith, Mr. and Mrs. Lloyd Welsh, Mr. and Mrs. Dan H. Lewis; Councilman Tom Schwartz and family; William L. Burr and family; Mr. and Mrs. Thorne Mathis, Bruce McGill and the Waverly Pratt family.

FIRE FLAMES

As there is no firemen's meeting tonight the wanderers who attended the Monterey convention will not have an opportunity to tell the boys that old one, "You should have been along." However several stories have escaped which they had hoped would not get beyond their own group.

George Norris was again elected as a director of the Southern District for another year. George had a little opposition, but he walked in smoothly.

"Pop" Froehlich and Jim Heasley travelled to the Convention in style by boarding the Daylight Limited. Not having been on a train for many years, Jim hesitated about getting off. "Just like sitting at home," said Jim. The boys who were already at Monterey greeted them with open arms and "Shorty" Steinberger soon introduced them to all the town officials and Standard Oil executives.

The "big rain" that so surprised all of us will do a lot toward fire prevention in our region. Already, green grass or weeds, whatever they may be are popping thru the ground and the firemen all felt much relieved after the dry, hot spell. However, fires will occur at unexpected times.

WORK OF SIERRA MADRE WOMAN
SCULPTOR IN NOTED
EXHIBIT AT WORLD'S FAIR

"Indian Madonna," symbolizing motherhood, the work of a Sierra Madrean, Mrs. Pegot Wolf, of 440 Ramona avenue, is one of the 12 pieces of sculpture by California artists which were selected for display in the American Art Today exhibition in the New York World's Fair Contemporary Arts Building. Mrs. Wolf, a slim, sparkling woman, who came to Sierra Madre in February from Beverly Hills, works in a garage studio at the rear of her pleasant home.

The "madonna," about three feet high, is carved from white Mexican onyx, a very hard, translucent looking material and also very expensive. Symbolic of motherhood, the figure holds in one hand a wounded bird which she is protecting, and in the other an Indian jug from which water flows ceaselessly, carved into the onyx, symbolizing the eternal "giving" of mothers. On her back is a papoose.

"This is my 'good luck' piece of sculpture," Mrs. Wolfe said. "It took a prize at Exposition Park in Los Angeles last year."

It was no easy matter to carve the delicate lines in the hard material, she stated, and in all, took about a year to do. Three months alone were required to polish the stone, which was a piece given to Mrs. Wolfe by her teacher, Carl Milles, one of the outstanding sculptors of today, because he was so pleased with the Sierra Madrean's clay model of the madonna and felt that it

should be done in the expensive stone. Mr. Milles had finished a figure 37 feet high and from the remaining piece, Mrs. Wolf did her excellent work.

Another interesting piece of work is a terra cotta head of Ruby Elzy who played the part of Serena in George Gershwin's opera, "Porgy and Bess." At the time the opera played at the Philharmonic Auditorium in Los Angeles, this head was on exhibit in the lobby of the theatre. The material is baked and polished like stone, and portrays Miss Elzy as she sang a spiritual in the opera.

One of the favorites of Mrs. Wolf is "War Memorial," carved from wild cherry wood. It is Mrs. Wolf's interpretation of crucifixion of youth through war, and shows the headless, armless and legless body of a young boy. Grain of the wood conforms in an amazing manner to the anatomy of the body.

The sculptress, who came to Sierra Madre because of the ill health of her young daughter, Gretchen, liked the city so much that she has stayed after her daughter's recovery, and is delighted with the quietness and peacefulness of her surroundings. She made her home in Chicago before coming to California, and studied at the Cranbrook school, about 20 miles from Detroit, a progressive modern art school. Her work is now on exhibit in the Hatfield Gallery at the Ambassador Hotel in Los Angeles.

POLICE ON TRAIL OF DOG POISONER

A dog poisoner active in the city during the last month is still going strong, his latest victim a dog belonging to Mrs. E. M. Hathaway, daughter of Mrs. F. Eakman, 194 Mariposa avenue. Suspicions that the animal had been poisoned were confirmed by a veterinarian who said the dog was full of strychnine. The animal recovered. Police are working on a lead—description of an automobile seen in the neighborhood at the time the poison was thrown out on dry crusts of bread.

PARKED CAR SMASHED NEAR CITY HALL

Rear end of Carl Young's car was smashed last Thursday evening when hit by a car owned by Charles H. Movitz, of Altadena. Movitz's car, a Chevrolet sedan, discovered on the walk in front of the Sierra Madre, on West Sierra Madre Blvd., ran into Young's machine, parked in front of the Tom Schwartz radio store.

Grammar School Notes

Students of the Sierra Madre School were hard at work during the past week on the ticket sales drive for the football circus held Tuesday evening in the Rose Bowl sponsored by the local branch of the P.T.A. Children selling a total of one dollar's worth of tickets received free admission to the game.

Two new volleyball courts are now available for use on the playground, according to Gerald Smith, superintendent. The space formerly used as an old tennis court has been divided to provide extra volleyball facilities.

Considerable enthusiasm and interest is being shown about the Los Angeles harbor unit of work now under way in Miss Newton's 4B room. Construction of redwood boats has been started this week. In the election of class officers Shirley Fite was chosen president and Paul Iffrig, council representative.

An assembly for the upper grades was held Tuesday morning when two reels of educational sound pictures were shown. This was the first time the new projector was used at an assembly program. Miss Pfahler led the students in group singing, with Mrs. Adams as piano accompanist. David Smedley and Dirk Cable sang a duet which was well received.

In Miss Sydnor's eighth grade room Arnold Brown was elected class president and presiding officer of the student court; Aiko

Kunihro, vice-president; Bill Murphy and Mary Irish, traffic officers; Margaret Young and Fred Richter, social directors. Barbecues, hikes and other affairs are being planned. Curricular activities for the past two weeks have centered around the Scandinavian countries. South America will be the next topic for study.

Floretta Keith was chosen president of the eighth grade class in Mr. Larsen's section, with Myrel Mae Weese, council representative; Leonard Lunsford, vice-president; Ada Mae Hill, secretary; Ralph Williams, treasurer; Marion Carleton, social chairman; Richard Jenkins, radio chairman; Donald Fairbanks, motion picture chairman. Audrey Maiben will be editor of the eighth grade paper. Class meeting are held every Monday morning.

Mr. and Mrs. Ed Sheehy, of Selma, were weekend guests at the home of Mrs. Sheehy's parents, Mr. and Mrs. Thomas Mylott, 696 Woodland drive.

Second Bowl Of Rice Party To Be Held On October 31

Harry Lange has been appointed by Col. Theodore Roosevelt Jr., to serve as chairman of Sierra Madre's second annual Bowl of Rice Party to be held October 31 for the aid of China's fifty million war refugees. Proceeds will go to the United Council for Civilian Relief in China, of which Col. Roosevelt is national chairman. Sierra Madreans who will serve with Mr. Lange on his committee have not all been selected but it is expected very shortly a complete lineup will be announced, as well as location of the dinner.

Plans for the 1939 party are more ambitious than those of last years. "The American public has accepted the bowl of rice as symbol of America's concern for the suffering people of China," said Col. Roosevelt, and Sierra Madre is expected to turn out en masse for the October 31 party.

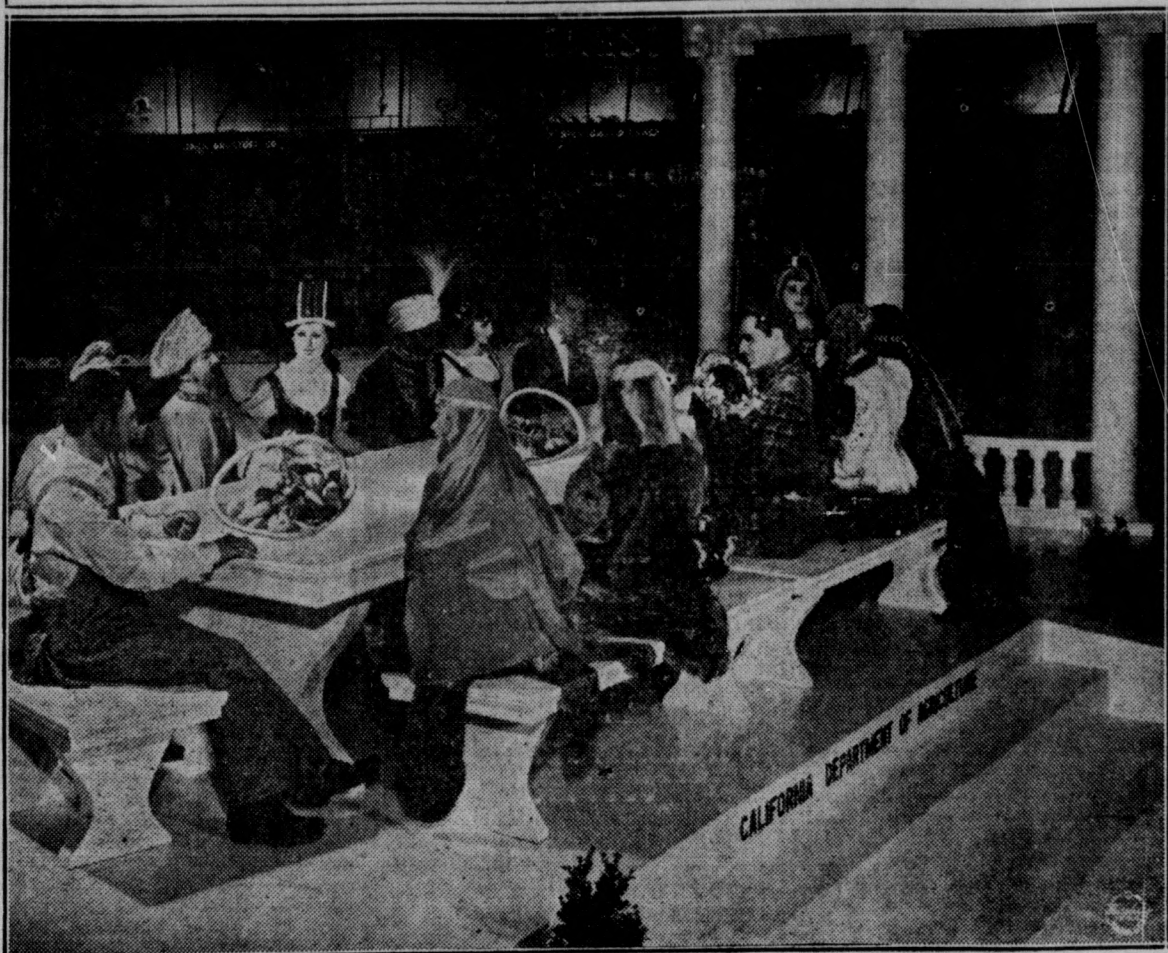

SIERRA MADREAN HAS WEED SHOW EXHIBIT

A simple arrangement of dry marsh and fountain grasses on a mirror base is the entry of Mrs. W. S. Hull in the annual Weed Show at the Amy May Studios in Pasadena which closes tomorrow. Hours are from 10 a.m. to 10 p.m. and many fine arrangements are on display.

GUIGNETS RETURN TO SPEND THE WINTER HERE

Friends of Mr. and Mrs. A. F. Guignet will be glad to know that after the closing of a successful season at their resort at Eagle River Wis., they have returned to Sierra Madre to spend the winter at 155 North Baldwin.

DEPARTMENT OF AGRICULTURE HAS STRIKING DISPLAY AT COUNTY FAIR

One of the more striking displays in the 800 foot agricultural building at Los Angeles County Fair in Pomona which closes Sunday night, is that of the department of agriculture. Emphasizing that orderly and efficient marketing will help California put her products on the tables of all nations, 14 life-like wax figures dressed in costumes representing various sections of the world are seated at a huge banquet table laden with produce grown throughout the state.

HOMETOWNERS ATTEND DEMOCRATIC FORUM

Sierra Madreans who attended the Sunday morning Democratic Breakfast Forum, of the 11th congressional district in the Sky Room of the United Airport Sunday were John Fitzgerald, Mr. and Mrs. Jack Fitzgerald, Mrs. Alyce Anderson, Misses Ruth West, Shirley Snyder, Dorothy Small and Mr. and Mrs. Ray O. Calkin.

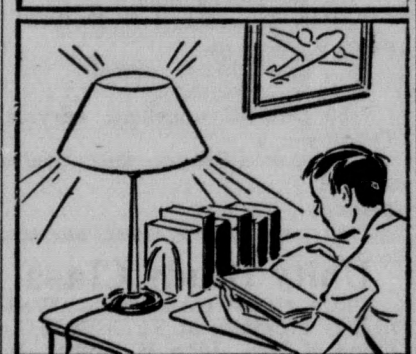

FIRE CHIEFS VISIT FRIENDS HERE

J. H. Brun, fire chief of Ft. Smith, Ark., and Fire Chief Slocum of Huntington Park, who attended the recent National convention of fire chiefs in San Francisco were visitors at the H. E. Gabriel home, 115 East Alegría avenue, Saturday. Mr. Brun and Mr. Gabriel worked together for many years and both were old friends of Fire Chief Slocum's father.

CAPT. EVERETT WILL UNDERGO OPERATION

Captain E. G. Everett entered the Veterans Hospital at Sattelle Thursday where he will undergo major surgery following a period of general observation and a few days rest.

YOUR HOME AND MINE

Look thoughtfully tonight at your child as he studies at home. Does he frown and squint, leaning over his books? How is the light? You can help him greatly in his home work by giving him the proper light.

Good study lighting comes from a lamp of sufficient height so that it throws illumination over the entire table. The shade should be light colored, and it should be wide at the top and bottom. A diffusing glass or plastic bowl to hold the globe eliminates glare, giving a soft, well diffused light. The indirect bowl also provides general room illumination, which is important in preventing eyestrain. A globe of at least 100 watts is necessary to give enough light.

Lamps are especially designed in this style for home study. They come in attractive models which are decorative as well as scientifically correct.

Modern discoveries in the relation of light to vision emphasize the need for good lighting at home. In inadequate or glaring light, eyes work harder and eventually are weakened if the abuse continues. Nerves are strained and energy is wasted needlessly. In proper light, seeing is quick and easy, and no difficult task is placed on the eyes. It is important that children be given this advantage to forestall the eye defects that afflict one out of every five young people today.

Arrange A Surprise For This Evenings Young Folks Dance

A surprise event and interesting program will supplement the regular bi-monthly dance for the younger set at the Woman's Club this evening. Miss Hazel James Ferguson will be hostess and will be assisted by a committee that will spare no effort in making the affair interesting for the young folks. Refreshments will be served and there will be the customary small admission fee to cover expenses. All young people will be welcomed. Instructions for the younger group will be from 7 until 8 with general dancing and program following. While the Woman's Club is sponsoring these events as a community service, the assistance of Sierra Madre women who are not club members will be greatly appreciated on the committee of hostesses for each event and it is hoped that many will cooperate in making these affairs a civic enterprise.

NEW MATRON COMES TO BRITISH HOME

Taking the place of Mrs. Phala McGuire, who is leaving shortly for her former home in Denver, Colo., Miss Mabel King arrived last week to act as matron at the British Home. Miss King was born at Gravesend, Kent, England, but for the past 16 years has made her home in Los Angeles. She finds Sierra Madre a pleasant community and hopes to remain here indefinitely.

BOAT SAILS WITHOUT THE R. E. WRIGHTS

Mr. and Mrs. R. E. Wright, 540 West Alegría avenue, attended the reception aboard the Argentina Maru at Wilmington Sunday prior to her departure on her maiden voyage. But for the outbreak of hostilities in Europe, Mr. and Mrs. Wright would have sailed on the Argentina Maru on a round the world tour, they having made reservations some time ago. They were accompanied to the reception Sunday by Mrs. Bernice McGregor, of San Marino.

MISS KORTKAMP WINS PRIZED SCHOLARSHIP

Miss Moreland Kortkamp, who left last month to continue her studies in New York, was rewarded for much hard and sincere work in her chosen profession when she received a year's scholarship at the Juilliard Master School for Advanced Students last week. Examinations for the scholarship are competitive and as only a few in each department are issued annually, only those possessing unusual talent and ability are successful.

Why be a Ham in Carving One? Expert Shows Easy, Modern Way

If they snicker when you start to carve, you'll be comforted by these kind words from Max O. Cullen, carving authority. "It's easy to learn the right way, and the right way is the easy way," says Cullen, who is shown at the right explaining to Pete Smith, producer of motion picture shorts bearing his name, and Ann Morris, M-G-M player, the fundamentals of carving a ham, during the recent filming of "Culinary Carving," an educational short in which Cullen was featured.

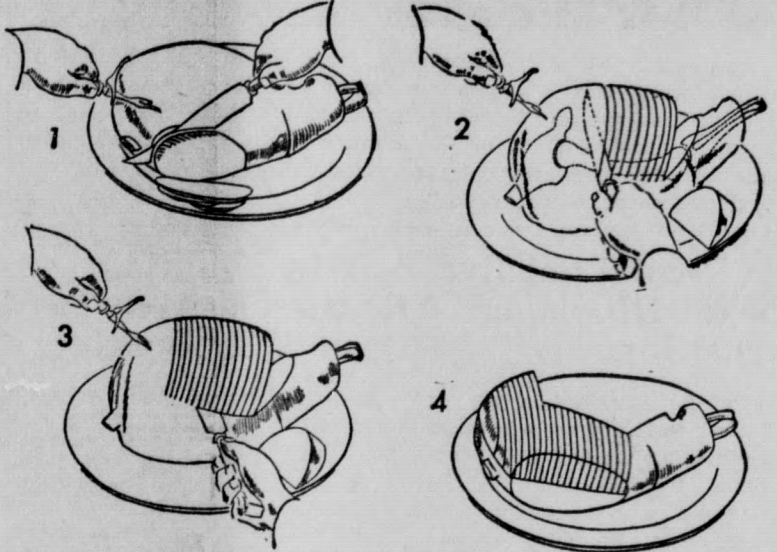

Proper tools and a sharp knife are of first importance, says the expert. Then you can proceed with confidence, if you will follow his simple directions as shown by the diagrams and instructions below.

1. Place ham with fat side up, shank end to carver's right. Cut two or three slices parallel to the length of the ham from the smaller meaty section.

2. Turn the ham so that it rests on the cut surface. Holding firmly with the fork, cut a small wedge shaped piece from the shank end. Then proceed to cut thin slices down to the leg bone until the aitch bone is reached.

3. With the fork still in place, release the slices by running the knife along the bone and at right angles to the slices. For additional servings, turn and carve other side of ham.

4. If more servings are required, the ham is turned back in its original position on the platter with the fat side up and the slices are carved at right angles to the bone. These slices are not so large as those from the cushion section, but they make attractive servings for second helpings.

Lewis Will Rebuild Palomar Ballroom

Raymond Lewis, owner of the huge Palomar ballroom on North Vermont avenue, Los Angeles, which burned Sunday night, returned from San Francisco Tuesday. The well known Southern California capitalist who lives at Orange Grove avenue and Michillinda blvd., spent the weekend in the Bay City and flew home when advised by wire that a fire had demolished the structure. His manager, George R. Anderson, announced in Los Angeles Wednesday that plans have already been started to rebuild the ballroom.

OBITUARY

MRS. ANNIE O'VENS

A resident of Sierra Madre for six years, Mrs. Annie O'Vens, 320 West Grand View avenue, passed away Friday and funeral services were held Monday morning at 11 o'clock from Grant Chapel, with Dean Arnold G. H. Bode officiating.

Mrs. O'Vens was born in Melksham, Wiltshire, England. She is survived by a daughter, Mrs. Marguerite Addis, Sierra Madre; two grandsons, H. S. Addis, Pasadena, and Hugh Addis, Sierra Madre; a granddaughter, Mrs. L. A. Dudley, Sierra Madre; a great granddaughter, Sandra Jane Addis, Pasadena; a sister, Mrs. George A. Goddon, and a niece, Miss Olive Marie Goddon, both of London, England.

MRS. GRACE McDONALD

Funeral services for Mrs. Grace McDonald, formerly of 26 South Baldwin avenue who passed away September 30 in a Los Angeles hospital, were held Wednesday morning at 10:30 o'clock from Grant Chapel with Rev. Harry Dranton of Hartzell Memorial Church, Lamanda Park, officiating. Interment was at Sierra Madre cemetery.

Mrs. McDonald, who was 65 years old, was born in Milan, Ill., and had lived in Sierra Madre approximately two and one-half years, and in California for five years. She is survived by her husband, Frank McDonald, of Newhall, Calif.; sisters, Mrs. Alice M. Kerr, Sierra Madre; Mrs. Laura Vanderslice, Mrs. George Barber, and three brothers, Roy Dremer, and Arthur Dremer, all of Davenport, Ia., and Elmer Dremer of Mount Vernon, N.Y.

EDWARD B. HALL

Coming to Sierra Madre for his health three years ago from Alhambra where he was a barber for many years, Edward Barnes Hall of 169 1/2 San Gabriel Court, passed away September 29 at the age of 63. Mr. Hall was born in Des Moines, Iowa, and had lived in California for 18 years. He is survived by his wife, Mae Hall; two sons, Lafayette Hall, Aurora, Ill.; George E. Hall, Kalamazoo, Mich.; and two sisters, Rose Wentler, and Mrs. Edna Schiltz of Aurora, Ill.

Funeral services were held from Grant Chapel Monday afternoon at 2 o'clock, with Rev. W. B. Heagerty officiating. Interment was at Sierra Madre cemetery.

MRS. HALMA J. WOULFE

Mrs. Halma J. Woulfe, of 600 Auburn avenue, passed away at a Whittier hospital, September 28. She was born in St. Paul, Minn., 35 years ago and had lived in California for eight years. Mrs. Woulfe is survived by James Woulfe, her husband; three sisters, Mmes. Swen Erickson, Al Falk, Albin Swanson, of St. Paul; two brothers, Arthur Frieberg, St. Paul, and Richard Frieberg of Chicago; and her parents, Mr. and Mrs. Swan Frieberg, Hayward, Wis.

Funeral services were held at 2 o'clock Tuesday afternoon from Grant Chapel, with Rev. H. Pietjen, Lutheran minister from Monrovia, officiating. Interment was

Mrs. A. E. Stratton of Denver, Colo., is in the city on an extended visit with her cousin, Mrs. C. E. Foster, 168 East Sierra Madre blvd.

With Sierra Madre Students At Wilson Jr. High School

Competing against 10 other 4H club entries, the Woodrow Wilson 4H club booth at the Los Angeles County Fair at Pomona won first place. Depicting the development and improvement of a boy's rabbit project throughout six years of club work, the booth committee was headed by Lorne Pratt, a former president of the club. George Thompson, Gordon Blanke and Norman Jensen assisted in its construction, with other Wilson students.

June Solnit was elected president of the 10A class at their first meeting, September 26, and Chole Knapp was chosen secretary. A. M. Brown, principal, and L. E. Southerland, assistant principal, spoke about school safety, class pins and saving money for future use.

Joe Belllove is a 9-2 safety lieutenant whose duty it is to supervise the safety officers who control traffic about Wilson and who prevent accidents. Willis Hill, Walter Nollac and Martin Goldberg are 7 and 8 grade safeties; and David Wallace, Bob Evans and Billy Schwartz are 9 and 10th grade safeties.

After 11 years of standing to watch games, students were delighted on returning from vacations, to find that the Board of Education had presented the school with bleachers for the football field.

PJC Students Would Enter War Only If Nation Is Attacked

A significant and unusual war question poll of 4259 Pasadena Junior College students this week showed that by a large majority they would not be willing to fight in the European war even should it become apparent that France and England were in danger of defeat. By almost as great a margin they would not deem sinking of American ships with Americans aboard as cause to go to war.

They would, by a vote of 3,813 to 372, be willing to fight if the United States proper were attacked. The majority of students also felt that the United States should sell munitions on a cash basis to belligerent nations if they call for them in their own ships.

Arts Guild To Hear Carew Tonight

Harold Carew, noted book reviewer, will speak at the first meeting of the fall season of the Sierra Madre Arts Guild this evening at the old adobe studio on East Montecito avenue. His topic will be "Books in a World of War."

Indicating interest in the guild by Sierra Madreans, Elmer Weese reported many new members were added during the summer. Refreshments will be served by Mrs. A. J. Dewey, chairman of the house committee, and friends of the guild are cordially invited to attend.

Saturday, October 28, has been set aside for a Halloween carnival, with street dancing, fortune telling, and other innovations.

Mrs. Randolph Wood New President Of Ascension Guild

Mrs. Randolph Wood was elected president of St. Catherine's Guild at the first meeting of the season held at the home of Mrs. Mary Goodfellow Tuesday afternoon. Miss Jean Woodward was chosen vice-president and Mrs. Robert McCullagh, secretary. Mrs. Lyle M. Anderson was retained as treasurer. After a short talk by Dr. W. B. Heagerty, tea was served and a social hour enjoyed. Mrs. Richard Stanton assisted Mrs. Goodfellow.

Plans were made for a dessert bridge to be held next Thursday at the parish house. The affair is open to all women of the community and reservations will be accepted by Miss Jean Woodward, at 3052.

AUTO FIRE CALLS OUT CITY DEPARTMENT

Firemen responded to an alarm Wednesday afternoon when a short in the ignition of an automobile parked in front of 68 Victoria lane resulted in burned wires. The car belonged to a visitor at the home of Mrs. Marie Barone. Damage was slight.

*Less work to do
—because the kitchen keeps cleaner!*

Clean range, spotless kitchen—it's easy to have both with modern gas appliances. Today's gas ranges have many features to save scrubbing! Top burners don't clog. They're simple to set, so that boil-overs may be avoided. This reduces vapors that tend to discolor walls and curtains. And broilers are smokeless.

TRUTH about ADVERTISING

By CHARLES B. ROTH

TRADE MARKS AND DOLLAR MARKS

WITHOUT giving the matter much thought you might define a trade mark on a package or an advertisement as a mark of identification which protects the interest of the seller against imitators; a selfish symbol, you know, which exists to help some one man or firm to get rich.

Actually a trade mark is as much to your interest as it is to the man's who owns it and has it registered in his name.

For it is a buying guide for you which you can absolutely trust. You can buy anything under a trade mark and know that the quality, the quantity and the price will be right. You do not even have to examine the package before you buy. If the trade mark is there, so also will the quality be there.

The merchant knows that. He prefers to sell trade-marked, that is, advertised, goods, because they have the confidence of the public and can be sold easily, quickly and in quantity.

Back of the trade mark is advertising. It stands for the trade mark, for the trade mark itself is merely a design etched on paper, until advertising gives it life in the minds

of consumers like yourself.

The trade mark which saves you money and time need not be a formal design of a national manufacturer or advertiser. It may be merely the familiar name of your grocer or haberdasher, appearing at the foot of his advertisements in the newspaper.

Wherever you see those familiar words or names or marks you know that you are in the presence of a man who is doing his level best to be worthy of your trade and who wants to keep you coming back.

He is advertising for that purpose, notifying you that he is in business to stay and that you can buy from him and he will stand back of his goods. For you the trade mark, like the dollar mark which we all respect, stands for full value wherever it happens to be found.

But unidentified goods are as uncertain as counterfeit money, and the wise man or woman avoids both.

And how close these trade marks are to our lives and how comforting they are to us when we buy! You go into a store. On the shelves are familiar marks you have seen all your life.

You recognize them as you do familiar faces in a strange crowd—and they give you the same comforting feeling of familiarity and respect.

Trade marks exist to help you buy more serenely and profitably.

CAUGHT AT WORK

Cameraman catches Governor Olson at his desk as he affixes his signature to the proclamation designating the week beginning Sunday as "Newspaper Week" as a period in which the people of this state may "take stock of the manner in which the newspapers of California are performing their duties with respect to fair and unbiased treatment of the news."

New Record Set By A Night Blooming Cereus Here

One of the loveliest sights in the flower world was witnessed Monday evening at the J. F. Harvey home at 155 San Gabriel court when five blooms appeared on their night blooming cereus (nocturnal epiphyllum). This plant is regarded as tops in the city, and although the Harveys had anticipated a few blooms, they were astonished when five white beautifully fragrant flowers appeared. It has had 11 blooms this season and there are six more buds. Last season the plant had 18 blooms.

The blooms started to unfold when night fell and about 10 o'clock the air was filled with heavy perfume of the flowers. Quite unusual was the fact that while the blooms quickly faded at daylight, the Harvey blossoms were still intact about 8 o'clock Tuesday morning.

Nearby Mountain Recreation Area To Open This Month

The extension of the Angeles Crest Highway from Red Box Divide to Chilo Flat Recreation Area in the mountains just back of Sierra Madre, is practically completed and should be ready for official opening about October 15th, according to the National Automobile Club. It has been occasionally possible to drive over this new road during week-ends, but on account of recent storms in the mountains it may be necessary to discontinue this practice until the official opening.

At Charlton Flats Recreation Area, situated nine miles from Red Box Divide, on the new road, a loop road of 2½ miles in length connects, along which are located 12 parking areas among the pines. There are 300 picnic tables and adequate fire places in this area, but no overnight camping is permitted. At Chilo Flat Recreation Area, situated 12½ miles from Red Box Divide, a large camp ground is located, with tables, water and fire places all through the grounds.

GIRL SCOUTS TIDY UP FOR VISITORS

"House Cleaning" day was observed by Sierra Madre Girl Scouts September 27, when they met at the Congregational Church to brighten up their clubroom for the year's activities.

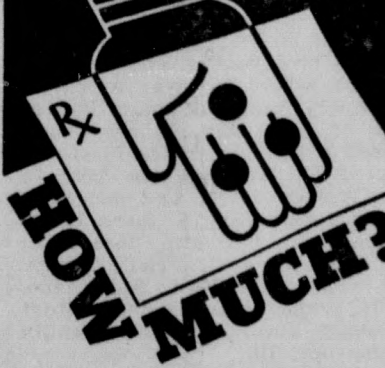

Mrs. R. E. Parmenter, scout captain, extends an invitation to all Sierra Madre girls between the ages of 10 and 14 to visit the scouts and attend a meeting. The girls gather at the Congregational Church each Wednesday at 4 o'clock.

A membership drive will be held from October 12 to October 23, inclusive.

PASADENA EMPLOYEES DENIED TWO HOLIDAYS

Question of fixing a date for Thanksgiving almost left Pasadena city employees with two holidays. The city directors are unsympathetic with changing the historic date, but Gov. Culbert Olson in fixing November 23 as a holiday, left the city little alternative. If the board did not change the date, employees would have a holiday as set in their ordinance (November 30), and another proclaimed by the governor, so it was settled by marking November 23 as Thanksgiving Day.
